TO: CAROLINA PIPELINE COMPANY

On December 9, 1974, Carolina Pipeline Company (hereinafter referred to as "Carolina"), filed with this Commission for approval a Service Agreement and Rate Schedules ME-1, MEOL-1 and MEIPS-1 which are applicable for service to Shaw Air Force Base (hereinafter referred to as "Shaw"). MEOL-1 and MEIPS-1 are unchanged under Carolina's current agreement with Shaw, however, the Service Agreement and Rate Schedule ME-1 have been revised, incorporating the provisions of Carolina's approved curtailment plan.

On December 19, 1974, this Commission, after full discussions of this matter with both parties, approved the filing, subject to the Service Agreement being signed by the appropriate governmental officials or the submittal of a letter from Shaw Air Force Base stipulating that the matter is acceptable to them.

On December 31, 1974, this Commission received a letter from the Department of the Air Force, Procurement Division, Shaw Air Force Base, South Carolina, stating that the Service Agreement in principle is acceptable, subject to negotiation of rates and review by Headquarters Tactical Air Command and Headquarters United States Air Force.

This Commission is of the opinion and so finds that, under the terms of the subject contract, Carolina can serve Shaw in accordance with the provisions of their approved system-wide Curtailment Plan and since no objections have been filed by either party to the contract, or by any other interested party, this filing should be approved.

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED:

That Service Agreement and Rate Schedules ME-1, ME01-1 and MEIPS-1 applicable for service to Shaw Air Force Base, are approved for implementation for service rendered on and after February 21, 1975, subject to further review of the Commission upon motion of either party.
